Continue to **the Plaza**. Standing in the right spot, use one of the **Profilers at the Plaza** to "put the Old Man" back on the Cannon Cliff. Did you "see him"?

Yes No

What did you think of that?

8 Early attempts to keep the Conway granite rocks of the Old Man Profile in place up on the Cannon Mountain cliffs involved installing **metal turnbuckles**. Members of the **Nielson family** helped with yearly inspections of the **Old Man**. When the Old Man fell on May 3rd, 2003 one of the turnbuckles came down too. Did you find it at the Plaza?

Yes No

9 Explore the rest of the Plaza. What year was the **Old Man of the Mountain** reportedly first seen by early European settlers?
